Neighborhood Night Out Potluck to be held at UUMC, Thursday, Feb. 21

Join us Thursday, February 21, from 6:00 to 8:00 pm for Red Cedar's February **Neighborhood Night Out** event. This month our NNO will be hosted by the University United Methodist Church, located at 1120 South Harrison Road. The event will be a potluck dinner, with the church providing the main dish and simple beverage choices.

Those attending are asked to bring a side dish, salad, or dessert to share. Please identify what your household plans to bring in your RSVP (below).

Children are welcome, and parents of young children will be pleased to learn that members of the church (who have been pre-vetted by the UUMC Children and Youth Director) will be providing childcare.

One member of each household should RSVP by clicking the link below or following this link: <https://rccapotluck2019.eventbrite.com>

RSVP for the Feb. 21 NNO Potluck

A Message of Thanks!

The Red Cedar Community Association would like to extend a word of thanks Principal Ware and to all of the volunteers at the Red Cedar Elementary building for a well-managed and uneventful year of MSU Football Parking. Thank you for being responsive to the community's concerns throughout the season.

If you would like to bring a concern to the attention of the RCCA Board or officially add an item to one of the RCCA's monthly board meetings, email one (or all) of the RCCA Board members. (Email addresses are available on the [official RCCA website](#) and pg. 2 of this RCCA Newsletter.)

East Lansing Water Service Line & Meter Confirmation Survey

The City of East Lansing is looking to identify the location of lead components within the water system. If left undisturbed, lead components pose no safety risk. However, identifying the locations of all lead components in the water system is critical.

Location assessments will guide the City's construction efforts as the removal of all lead components from the water system is prioritized. These assessments will also assist the City of East Lansing with updating its water meter records in an effort to better plan for future meter replacement.

Location assessments are free and can either be self-reported through [an online survey](#) or by scheduling an appointment with an East Lansing Department of Public Works staff member. To schedule an appointment, call (517) 337-9459.

'Tis the Season

If you have questions or concerns regarding potholes, a sewer backup, a water leak, or street flooding, call the Department of Public Works at (517) 337-9459 or (517) 351-4220.)
